Sold at Last.

Henry Rohrs, receiver of Sheffield & Norton, has disposed of the interest of Mr. Norton in the planing mill to Messrs. Theisen & Hildred for the sum of \$2700, at private sale. The sale is satisfactory to the creditors.

Stock Sales.

We understand some enterprising farmers are trying to work up a project to inaugurate monthly stock sales in this county. These sales are of much benefit to the citizens of those localities where they have been in operation for years, and are just what we should have. We hope the project may be successful.

New Postal Clerk.

Our young Democratic friend, W. J. Connolly, of Damascus township, has been appointed to a postal route agency. His route is on the B. & O. R. R., between Grafton, West Va., and Chicago, Ill. This is an important run and we congratulate Mr. Connolly upon his selection.

Should Come to Time.

Findlay has not yet met the requirements of the C. H. & D. R. R., in order to secure to them the Deshler and McComb road extension. If the citizens of gaspols will abandon the project. This is the road about which there has been some talk of extending up through Napoleon and Northwestward.

Cut Worms.

One of the greatest vexations the farmer has to endure is to have the cut worms cut down his corn after it is up. Corn planting is at hand, and the Marietta Register is authority for the statement that if one quart of turpentine is poured over a bushel of shelled corn, and left stand for an hour before planting, the ravages of the grub worm will be stayed.

Remember.

Ministers, and all other persons authorized to solemnize marriages, should remember that the law is rigid as to returning certificates for record, and every failure to do so is punishable by a \$50 penalty against the officiating minister or magistrate. The law gives three months in which to make the return and there can be no excuse for non-compliance with its plain and reasonable requirement.

New Wabash Agent.

Mr. H. L. Knickerbocker, of Antwerp, has taken the place of Mr. J. K. Withers as agent for the Wabash at this station. Mr. Knickerbocker has moved his family here and is located on East Clinton street. He comes highly recommended and we hope he and his family will find it pleasant to reside in Napoleon. Mr. Withers had been with the Wabash here twelve years to the day. He will remove with his family to Kansas next week.

Time Up.

The Assessors are hurrying around now to get their work done and their returns made within the time specified by law in which such duties must be completed. Under the laws governing Assessors they may commence work on the first Monday after election, at which time they are furnished blanks and instructions by the County Auditors. They then have until the third Monday in May to complete their labors and return their reports. Their time is up and returns should have been made by the 16th day of May.

Narrow Escape.

An incipient fire was discovered in Dr. Harrison's office, above Saur & Balsey's drug store, Saturday evening between the hours of nine and ten. Mr. Joseph Kaney first saw the light from the street and informed Mr. Balsey, who upon investigation found fire with quite a headway back of the door in Dr. Harrison's office, among a lot of rubbish. The fire had made rapid strides, burning a hole in the floor, and had it not been discovered when it was would have caused a large conflagration and much destruction of property. The origin of the fire is a mystery.

Napoleon Boy Married.

We clip the following marriage notice from the Chicago Call. Mr. Cameron was formerly a Napoleon boy, and his friends here wish him a happy wedded life:

Wednesday evening the flat, 3872 Cottage Grove avenue, was the scene of a merry gathering. The cause being the marriage of H. H. Cameron and Clara A. Newman. The ceremony was performed in an impressive manner, and the young couple plighted their troth in the presence of an interested company of friends. After the ceremony a reception was held, when an elegant collation was served to the assembled guests.

Another Blaze.

On Sunday last between 12 and 1 o'clock a. m., the frame barn on the Vocke property on East Washington street, and occupied by Theodore Walker, a drayman, was discovered to be on fire; the fire department arrived upon the scene promptly, but the mow having been filled with hay only a day or so previous, and the fact that the building was entirely wrapped in flames when discovered, the department were unable to extinguish the fire, and in a few minutes the building and contents, together with a team of horses on which Mr. Walker depended for a livelihood, lay in ashes. The origin of the fire is a mystery. No insurance.

Monday morning a paper was circulated and before noon the generous citizens of Napoleon had subscribed a sufficient amount of money to replace the loss of Mr. Walker.

Increasing.

Judging from the large quantities of goods which are being carried away from Saur & Balsey's Drug and Book Store every day, their business must be largely increasing. This house is making a special effort to make it every man's best interest to patronize it. Good goods and low prices will ever be the motto. In the line of wall paper and window shades, no retail house carries a larger assortment or better variety. New styles and new patterns are received every week which are very attractive and beautiful. Those who expect to have any painting done this spring or summer will find something of very great interest at this house; something which is sure to please, something which is bound to give satisfaction. Every person who would save money will make it a business to call at this house and get prices before making his purchase.

Money to loan at 7 percent.

Tyler & Donnelly, Att'ys.

Fair Premiums.

The fair premium books are now ready for distribution. Any person wishing one can be accommodated by calling on Secretary Halter.

Card of Thanks.

I take this method of returning thanks to those kind friends who so generously subscribed to the fund to make good my loss by the recent fire. Their generosity will always be remembered. THEODORE WALKER.

Notice to Teachers.

The Board of Examiners for the Napoleon U. S. District will have a meeting in the High School building Friday and Saturday, May 21 and 22, for the examination of applicants for teachers certificates.

C. E. REYNOLDS, Secy.

Co. F. Attention.

Co. F will assemble at the armory, Friday evening, May 20, at 7:30, for drill and for orders. Every member not holding a leave of absence will be required to be present. The penalty for absence will be strictly enforced.

Leg Broken.

On Saturday last as the wife of Wm. Goldenstein, of Flatrock township, was out in the yard feeding the chickens, on stepping down a little declivity in the ground, had the misfortune to break one of her legs just above the ankle. The fracture is a painful one but Mrs. G. is getting along as well as could be expected.

Public Sale.

The undersigned will offer at public sale at his residence, on Saturday, the 28th day of May, 1887, the following property to-wit: Household furniture, buggies, harness, wagon, cutting box, sleighs and other articles too numerous to mention. All sums under \$5 must be cash.

E. B. HARRISON.

Napoleon Talent Ahead.

The first brick building ever loaded on rollers and moved in Toledo, was done successfully by B. F. Cowdick, of Napoleon. Parties from Chicago have raised brick buildings in Toledo, but none were ever moved. The building in question was a large barn two stories high, slate roof, and was moved over 100 feet in the presence of hundreds of spectators, without cracking the walls.

Notice.

The next regular meeting of the Henry Co. Agricultural Society will be held at the hall near the fair grounds, the fourth Friday of May. Farmers come out and help boom the agricultural interests of Henry county. Let us seek to double the value of our farms; let us endeavor to have the moneyed men of Henry county seek an investment at home rather than abroad. Don't forget the time, May 27th, at 10 o'clock sharp.

ELI CULBERTSON, Secretary.

Another Postponement.

J. N. postpones once more. He feels that self martyrdom will be necessary before his truly kind friends in Napoleon can assemble to hear him. He thus speaks in a note: My frequent postponements in the beautiful city of Napoleon from time to time have been to scatter an element which has taken possession generally in the minds of my friends throughout the nation. I will postpone one month more and announce myself in the city hall for the 24th of June. I do not look for a large crowd. I will be truly disappointed if few assemble. Under the force which I think self-martyrdom can only scatter, should but few congregate I will assume all, if none a self-martyrdom in the darkest dungeon manacled and fettered for at least 24 hours as a prisoner to your worthy and efficient Sheriff, my friend, E. T. Barnes, Esq., will be an act which I truly think my cause will demand. I deem it necessary to sacrifice myself also in Toledo, Defiance, Marion and many other cities where truth cannot cut the Gordian knot of error, force and prejudice.

Sudden Death of an Old Resident.

Our citizens were startled on Monday morning upon learning of the death of Mr. Edwin Scribner, which occurred suddenly. Mr. Scribner but a few hours before his demise was in his usual good health. Sabbath afternoon he complained of a pain in his chest and again on Monday morning, and it was but a few minutes after that he breathed his last in this world. At the time of his death Mr. Scribner was staying at the home of his son-in-law, W. F. Daggett, on Washington street. He moved with his parents to Henry county from Greenville, Ohio, in the year 1818, when he was in his 10th year, and has resided in this county ever since. He was probably the oldest resident of the county at the time of his death; but few families were in the county when he moved here, but one house being on the ground where Napoleon now stands. He has seen Napoleon grow to be the pleasant little city it now is from a solitary house and the county from a vast wilderness to its present high state of cultivation. He was aged 78 years, 10 months and 25 days. His funeral took place yesterday from the Presbyterian church, his remains being followed to the grave by friends and relatives.

RAILROAD NEWS:

The Fremont and Butler Cut-Off.

On Thursday last General Manager Gallup, and Engineer Newberry, of the Lake Shore R. R. Co., accompanied by S. L. Boughton and other citizens of Bowling Green, visited our county and city. They drove over the line from Bowling Green in carriages, and a committee of our citizens met the party at the county line and drove into town with them. The gentlemen were very much pleased with the appearance of Henry county, or that part of it through which they drove, and they were profuse in their praise of Napoleon, remarking that but few towns of its size could show such fine county, business and residence buildings.

While it was plain to be seen that the Lake Shore officials were well pleased with what they had seen and heard, the gentlemen themselves could not say what would be the general outcome of their visit, but enough was gleaned to give us renewed hopes that the road would be built. The Lake Shore people are certainly taking quite an interest in the Cut-Off, and there is no reason to doubt that they mean business, and that if the necessary aid is forthcoming the road is a fixed fact.

Fremont, Bowling Green and Butler Air Line.

On Wednesday of this week, a party started from here, composed of Messrs. Gallup and Newberry, officials of the Lake Shore R. R., Messrs. Boughton and McPherson, of Bowling Green, and C. O. Tillotson, of this city, in carriages from the Lake shore depot, to pass over the proposed route, nearly as possible. The railroad officials are instructed, as we understand, to examine the proposed line and report upon its feasibility, cost and prospects for business.

It is clear that the Lake Shore people are awake to the fact that this line ought to be built by them in the near future. They would thereby secure an immense volume of new business, shorten their line to the Great North West and make sure that the loss of their bridge at Toledo—considered imminent from ice floods—would not stop their traffic. We wish no harm to our Toledo neighbors but they must submit to the inevitable. The millions of people now filling the North West cannot and will not go thirty miles out of their way to see the "Future Great."—Fremont Messenger.
